

BODHI NEON

Gautama Buddha

SHAKYA SAGE • WISDOM • HAPPINESS • PEACE

A song of gratitude for finding the Dharma in this fleeting life.

INTRO • AIRY, SOFT HUMS

Mmm... mmm...
Ooh...

VERSE 1

Under a quiet sky in bloom
The world stood still to welcome you
A gentle hand, a branch, a sigh
And heaven leaned down from the sky
No cry of fear, no trace of pain
Just light that fell like summer rain
In silent awe, the earth aligned
A sacred moment born in time

VERSE 2

When you came, even heavens sang your name
Voices rising, calling out in praise
Lotus flowers bloomed under your steps
Every footfall waking tenderness
Seven steps across the waking earth
Each one a promise of your worth
Stars awakened, skies grew wide
All of life turned toward your light

PRE-CHORUS

Across the turning, endless tide
Through countless lives we drift and glide
What are the chances we would find
This precious truth, this life, this time?

CHORUS

In endless time, we found you
Shakya Sage, you lead the way
Out of the dark, you pulled us through
Into a brighter day

Light in the endless darkness
Wisdom and happiness
Oh, how blessed, how blessed are we
To walk your path in peace

VERSE 3

No throne of gold, no crown to wear
Just open truth laid soft and bare
You saw the wound we couldn't name
And lit a path beyond the pain
Not by power, not by might
But gentle words that feel like light
A quiet way, a steady flame
Calling each of us by name

PRE-CHORUS

Through every rise and every fall
A hidden truth beneath it all
And in this life, against all odds
We hear the echo of your call

CHORUS

In endless time, we found you
Shakya Sage, you lead the way
Out of the dark, you pulled us through
Into a brighter day

Light in the endless darkness
Wisdom and happiness
Oh, how blessed, how blessed are we
To walk your path in peace

BRIDGE • STRIPPED → SWELL

And in the silence, we begin
To see the world as it has been
No more running, no disguise
Just open heart and clearer eyes
From every tear, from every scar
You show us who we really are
Not lost, not broken, not alone
This fleeting life... a way back home

FINAL CHORUS • LIFTED

In endless time, we found you
Shakya Sage, you lead the way
Out of the dark, you pulled us through
Into a brighter day

Light in the endless darkness
Wisdom and happiness
Oh, how blessed, how blessed are we
To walk your path in peace

OUTRO • MANTRA-LIKE FADE

Mmm... Shakya Sage...
We found you...
In endless time...
Your light... your light...
