

KANAKAMUNI UNMASK

BODHI NEON • [TECH HOUSE • 126 BPM • MINIMAL • HYPNOTIC]

[INTRO]

Another face.
Another role.
Another version
I forgot to let go.

[VERSE 1]

Smile for the picture.
Play it cool.
Say the right thing.
Follow the rules.

Wear another mask.
Wear another name.
Funny... They all look the same.

[PRE-BUILD]

Take it off... Layer by layer...
Take it off... Who am I... Without it?

[DROP]

No more masks. No more masks.
Just this breath. Just this beat.
No more masks. No more masks.
Move your body. Set it free.

[VERSE 2]

No perfect story. No perfect skin.
No more pretending to fit in.
Nothing to prove. Nothing to hide.
Leave that costume outside.

[BUILD]

Layer... By layer... Drop... By drop...
Who are you... When the music stops?

[MANTRA BREAK]

Namo buddhāya • Namō dharmāya
Namaḥ saṅghāya • Namaḥ Kanakamunaye
Tathāgatāya • Arhate Samyak Sambuddhāya
Tadyathā • Om sara sara sara sara...
Siri siri... Sirāya...
Dhama dhama... Dhuma dhuma... Dhumāya
Namo namaḥ Kanakamunaye svāhā.

[FINAL DROP]

Dhuma... Dhuma... Dhuma... Dhuma...
No more masks. No more fear.
No more pretending I'm someone else.
Just this breath. Just this beat.
Just this moment. Just be.

[OUTRO]

Take it off...
Layer by layer...
Until nothing remains...
Except freedom.
