

METTA SUTTA INSPIRED • WORLD PEACE ANTHEM

SAME WORLD

Bodhi-Bowl

We share. We heal. We love. May we all be happy-minded.

VERSE 1

You may celebrate Fridays, while I prefer Sundays
But we share the same world
She lets her hair flow, while he has his shorn
But we share the same world
You may respect the black, while I like the rainbow
But we share the same world

PRE-CHORUS

Though the paths we walk look different on the ground
There's a common heartbeat, a love that we've found
We're all reaching for peace, in our own special way
So let everybody heal and love today

CHORUS

Whatever living beings there be
Feeble or strong, far or near
May we all be happy-minded
Without a doubt, without a fear
No room for hate, no place for pride
Just a universal love we keep inside
Yeah, we share the same world

VERSE 2

You may feast on the harvest, while I fast in the quiet
But we share the same world
One builds a temple, one wanders the mountain
But we share the same world
You look to the stars, while I look to the seedling
But we share the same world

PRE-CHORUS

Though the paths we walk look different on the ground
There's a common heartbeat, a love that we've found
We're all reaching for peace, in our own special way
So let everybody heal and love today

CHORUS

Whatever living beings there be
Feeble or strong, far or near
May we all be happy-minded
Without a doubt, without a fear
No room for hate, no place for pride
Just a universal love we keep inside
Yeah, we share the same world

BRIDGE

(Building slowly with a choir layer)

Let not one deceive another
Don't despise the ones you see
In anger or in ill will
Let them be, let them be, let them be
Let the heart expand until it covers the sky
May all beings be happy, may all beings be light!

FINAL CHORUS

Whatever living beings there be
Feeble or strong, far or near
May we all be happy-minded
Without a doubt, without a fear
No room for hate, no place for pride
Just a universal love we keep inside
Yeah, we share the same world

OUTRO

Same world, same breath
Same joy, no death to the light
(Fade out with vocal ad-libs)
May we all be happy-minded
Yeah, we share the same world.
