

SATI

Bodhi-Bowl

Sharp synth stabs, deep house bassline, and crisp vocal chops. Locked in mode.

VERSE 1

City's buzzing like a hive, overload in the screen
Too many voices, tell me what does it mean?
My head is spinning on a loop, disconnect to the flow
I'm hitting pause on the madness, I'm taking it slow.

PRE-CHORUS

I don't need a reason, I don't need a sign
I'm cutting the tension, I'm drawing the line
One breath, two breaths, eyes to the floor
I'm not looking for the exit, I'm finding the door.

CHORUS

Yeah, I'm locked in the S-A-T-I mode
Cruising down a quiet, internal road
It's a rhythm, it's a pulse, it's a state of mind
Leaving all the static and the stress behind.
S-A-T-I, keep it clear, keep it bright
Dancing through the chaos in the middle of the night
Yeah, I'm living in the S-A-T-I mode.

VERSE 2

They're frantic and they're chasing the ghost of the past
But I'm moving at the pace that is meant to last
It's a secret technology, built in my chest
Putting all the noise of the world to the test.

BRIDGE

Feel the beat *(Sati)*
Find the center *(Sati)*
Keep it steady *(Sati)*
I'm ready.
NOW!

CHORUS

Yeah, I'm locked in the S-A-T-I mode
Cruising down a quiet, internal road
It's a rhythm, it's a pulse, it's a state of mind
Leaving all the static and the stress behind.
S-A-T-I, keep it clear, keep it bright
Dancing through the chaos in the middle of the night
Yeah, I'm living in the S-A-T-I mode.

OUTRO

Mode on.
(Sati)
Just breath.
(Sati)
It's a mode.
