

LOVE BEGONE

Bodhi-Bowl

CHANT

아제 아제...

바라아제...

VERSE 1

When I met you in spring, the world was in bloom
Petals on the pavement, chasing away the gloom
I never thought that winter would fill this room
Or your warm hands would turn to stone

The footprints we left in the melting snow are gone
And I'm standing here, wondering how to move on

PRE-CHORUS

Every promise we made is buried under the ice
The harder that I hold on, the colder it gets inside
The credits are rolling, the screen is turning black
I can't rewrite the ending
I can't take it back

CHORUS

Now that love is frozen, I can only let you go
Like a movie ending, I keep moving on
Maybe love is waiting in the next episode
So I breathe you out and walk a different road
Oh-oh-oh, a different road
Oh-oh-oh, I'm moving on

MANTRA

아제 아제 바라아제
바라승아제 모지 사바하
아제 아제 바라아제
바라승아제 모지 사바하

BRIDGE

Let it go...
Let it flow...

VERSE 2

We wrote our own script, but the ending changed
Every line we promised slowly rearranged
You were my favorite scene, the one I'd always play
Now the projector flickers, fading into gray
I tried to rewind, but the tape wouldn't play
Just static in the silence where your voice once stayed

REFLECTION

Some stories aren't meant to last forever
Some endings set us free

PRE-CHORUS

Every promise we made is buried under the ice
The harder that I hold on, the colder it gets inside
The credits are rolling, the screen is turning black
I can't rewrite the ending
I can't take it back

CHORUS

Now that love is frozen, I can only let you go
Like a movie ending, I keep moving on
Maybe love is waiting in the next episode
So I breathe you out and walk a different road
Oh-oh-oh, a different road
Oh-oh-oh, I'm moving on

MANTRA

아제 아제 바라아제

[Echo:] (바라아제...)

바라승아제 모지 사바하

[Echo:] (사바하...)

아제 아제 바라아제
바라승아제 모지 사바하

OUTRO

Let it go...
Let it flow...
Let it go...

FINAL CHORUS

Now that love is frozen, I finally let you go
Like a movie ending, I keep moving on
Maybe something waits for me in the next episode
And I don't need to know which road I'm walking on

Oh-oh-oh, I'm moving on
Oh-oh-oh, my story goes on
