

FREE TO BLOOM

BODHI NEON

VERSE 1

Drop my phone inside my bag, Gonna let it run.
Morning spilling through the trees,
Thanks to blazing sun.
Wind is dancing in my hair, Like an old sweet friend.
Stop and smell the street side rose,
Breathe the joy right in.

PRE-CHORUS

Maybe nothing has to change,
Maybe this is enough.
Catch the beat inside my chest,
Fall right back in love... with life.

CHORUS

Let the sunshine hit my face,
Let the breeze take me awa...aay... *[elongate]*
Throw away the heavy clouds,
I'm not holding onto grey.
Hear the world start singing out,
Watch the horizon move
Today belongs to me,
Yeah, I'm free to bloom.

VERSE 2

Kids are laughing down the lane,
Coffee in my hand.
Flowers blooming out of line,
Never had a plan.
Every second calls my name,
Patient as can be.
Funny how the magic hits, When you just let it be.

PRE-CHORUS

Nothing broken,
nothing missing,
The joy is in me.

CHORUS

Let the sunshine hit my face,
Let the breeze take me awa..aay...
Throw away the heavy clouds,
I'm not holding onto grey.
Hear the world start singing out,
Watch the horizon move—
Today belongs to me,
Yeah, I'm free to bloom.

BRIDGE

[Piano & soft pads only]

Here's to empty hands,
Here's to open skies.
Kissing all the little wonders
I've been rushing past for years.

[Drums kick back in, building fast]

If tomorrow brings the rain,
Let it pour down fast—
But today the wind is calling,
And I'm home at last!

FINAL CHORUS

Let the sunshine hit my face,
Let the breeze take me away...
Throw away the heavy clouds,
I'm not holding onto grey.
Hear the world start singing out,
Watch the horizon move—
Today belongs to me,
Yeah, I'm free to bloom.

OUTRO

[Shimmering synths, driving beat fading to breeze]

Free to bloom...

Yeah, I'm finally free.

[Ooh-ooh-ooh]

Free to bloom.
