[[Verse 1]

They smile to your face, then twist the blade,
Chasing gold while the truth decays.
They breathe out lies with every phrase,
Plastic words in a plastic place.

[Pre-Chorus]

I’m not your puppet, not your prey,
Not a fool — I see your game.
You play the part, but I walk away —
I’ve burned that bridge, I’m not the same.

[Chorus]

I don't care... (I don't care)
I don't care, I don't care — couldn’t care less!
Spare me your drama, your power games,
’Cause I don’t pretend — I don’t play fake!
I’m a lotus in the rain,
Rising tall — above your hurricane.

[Verse 2]

You can fake your smile, play pretend,
Hide your knife and call me “friend.”
But I won’t be fooled again,
Not dancing circles just to please —
I cut the strings, I choose my peace.
Your chaos won’t control me now.

[Pre-Chorus 2]

I'm not your puppet, not your prey,
Not your echo — I won’t obey.
You lost your grip, I’ve found my ground,
This time, I won’t turn around.

[Chorus 2]

I don't care... (I don't care)
I don't care, I don't care — couldn’t care less!
Your throne of glass will shatter today,
’Cause I don’t pretend — I walk my way!
I’m a lotus in the rain,
Strong and wild — I break your chain.

[Bridge]

Let the thunder scream, let the skies go grey,
I'm not afraid — I rise anyway.
No mud, no bloom — that’s how it goes,
While you drown in lies, I will grow.

[Final Chorus – With Power & Echo Vocals]

I don’t care... (I don’t care!)
I don’t care, I don’t care — couldn’t care less!
Save your guilt, your twisted game,
I don’t pretend — I won’t be tamed.
Lotus in the rain —
I bloom from pain, I bloom from pain.

Lotus in the Rain
