

Namo X3

By Bodhi-Bowl

INTRO

[Whispered, building]

Namo... Nammo... Nammo... Yeah.

VERSE 1

The world moves fast, pulls us sideways, Noise everywhere, telling us who to be. But there's a rhythm older than the chaos, A quiet truth that still walks with me. I don't need to escape this life, I just need to see it clear. Every step can lean toward freedom, Every breath starts here.

PRE-CHORUS

Hands open, eyes awake, I trust the path I choose to take.

CHORUS

Namo, Nammo, Nammo — Buddha Say it slow, let it move ya Light in the dark when the mind goes under Nammo, Nammo, Nammo — Buddha Nammo, Nammo, Nammo Ancient truth but it's new, yeah Still leads us out of fear and hunger Nammo, Nammo, Nammo — Buddha

VERSE 2

They didn't promise easy days, They showed a way through change and pain. Not perfection, not escape, Just wisdom strong enough to stay. Kindness as a daily act, Clarity over running back. This path doesn't ask for belief — It asks for courage, breath by breath.

Feet on ground, heart aligned, Happiness is trained, not found.
